RADHIKA SELVI): (a) to (d) The details of damage due to flash floods/floods/landslides/ cloudburst etc., as reported by the States/Union Territories during the last five years, are enclosed as Statement-I (See below).

State Governments are primarily responsible to take rescue and relief measures in the wake of natural calamities. The Government of India supplements the efforts of the State Governments by providing financial and logistic support, where necessary. To ensure ready availability of funds with the States to undertake immediate rescue and relief operations in the wake of natural calamities, a Calamity Relief Fund (CRF) has been constituted with an allocated amount for each State, which is contributed by the Government of India and the concerned State Governments in the ratio of 3:1. For calamity of a severe nature, additional financial asistance is also considered from the National Calamity Contingency Fund (NCCF), after following the laid down procedure.

Details of the funds released to the States from CRF and NCCF during the last five years is enclosed as Statement-II.

The Government of Rajasthan, in their memorandum, sought financial assistance of Rs. 3248.22 crore for management of floods during August, 2006.

Keeping in view the magnitude of the situation, the Government of India had released on 6th September, 2006, an amount of Rs. 350.00 crore, as per details given below, to enable the Government of Rajasthan to undertake rescue and relief operations in the affected areas:

(i) Rs. 163.66 crore as advance release of second instalment of Central share of Calamity Relief Fund (CRF) for the year 2006-07.

(iii) Rs. 100.00 crore as 'on account' release from National Calamity Contingency Fund (NCCF).

The 1st instalment of Central share of CRF for the year 2006-07 amounting to Rs. 163.66-crore was earlier released on 28th June, 2006.

The request of the Government of Rajasthan for additional Central assistance was considered by the High Level Committee which had approved the following assistance:—

(i) Rs. 240.44 crore from NCCF subject to adjustment of 75% of the balance available in the CRF account of the State for the instant calamity.

(ii) Rs. 5.00 crore from Special Component of Accelerated Rural Water Supply Programme (ARWSP).

(iii) Release of 60400 MT foodgrains for relief employment from the Special Component of Sampoorna Gramin Rozgar Yojana (SGRY).

Flood Management being a State subject, the schemes for flood control are planned, funded and executed by the State Governments. The role of Central Government is technical, catalytical and promotional in nature. However, Government of India is providing Central assistance to State Governments to carry out flood control and river management works, in the critial reaches.

A State sector scheme proposed by the Ministry of Water Resources, namely "National Flood Management Programmes" with an outlay of Rs. 8000/- crore has been approved by the Government in principle, in November, 2007 for providing Central assistance to the State Government during XI Plan period (2007-12). It covers the critical flood management and erosion control works taken up by the States.
